

# Do you have a young child with autism?

*UW researchers are looking for parents to participate in a focus group*

## Purpose:

- To learn more about parents' experiences communicating with their doctors about autism concerns
- To develop materials that doctors and parents can use to promote better communication

## Participation includes:

- Attending a 2-hour focus group discussion with other parents of children with autism
- Sharing your experiences and providing suggestions
- Receiving \$100 compensation
